

Thomas Simko, General Contractor:

Thomas came into our horribly dated, 70's condo and within three months transformed it into a beautiful mini-mansion. When hiring Thomas, you get much more than just a contractor. Thomas is an artistic visionary with excellent taste and wonderful ideas. We strongly recommend Thomas if you want a spectacular home put together by a gifted perfectionist. In addition, Thomas has many fine craftsman subcontractors to rely on for specialized treatments.

Sincerely,
